

Research Psychiatric Center

Serving the Greater Kansas City area for more than 28 years, Research Psychiatric Center provides experienced physicians and clinical staff who utilize the most advanced treatment options.

Research Psychiatric Center, a campus of Research Medical Center, is one of the few comprehensive inpatient behavioral health facilities in the metropolitan area. Located adjacent to Research Medical Center, the inpatient facility offers comprehensive inpatient psychiatric services with specialty programs for adolescents, adults and seniors. This location also provides one of the region's largest premier Partial Hospital Programs (Day Program) that serves those who may need intensive treatment but do not require around-the-clock hospitalization. A 25-bed psychiatric unit is also available at the Research Medical Center campus.

In addition, the hospital has two outpatient clinics located in Independence, Missouri, and Kansas City, Missouri, offering a variety of counseling and crisis intervention services including:

- Intensive Outpatient Programs for Adolescents and Adults
- Mental Health and Substance Abuse treatment
- Psychiatric Medication Management

Changing Lives, One Day at a Time
